

# FLOOR COR

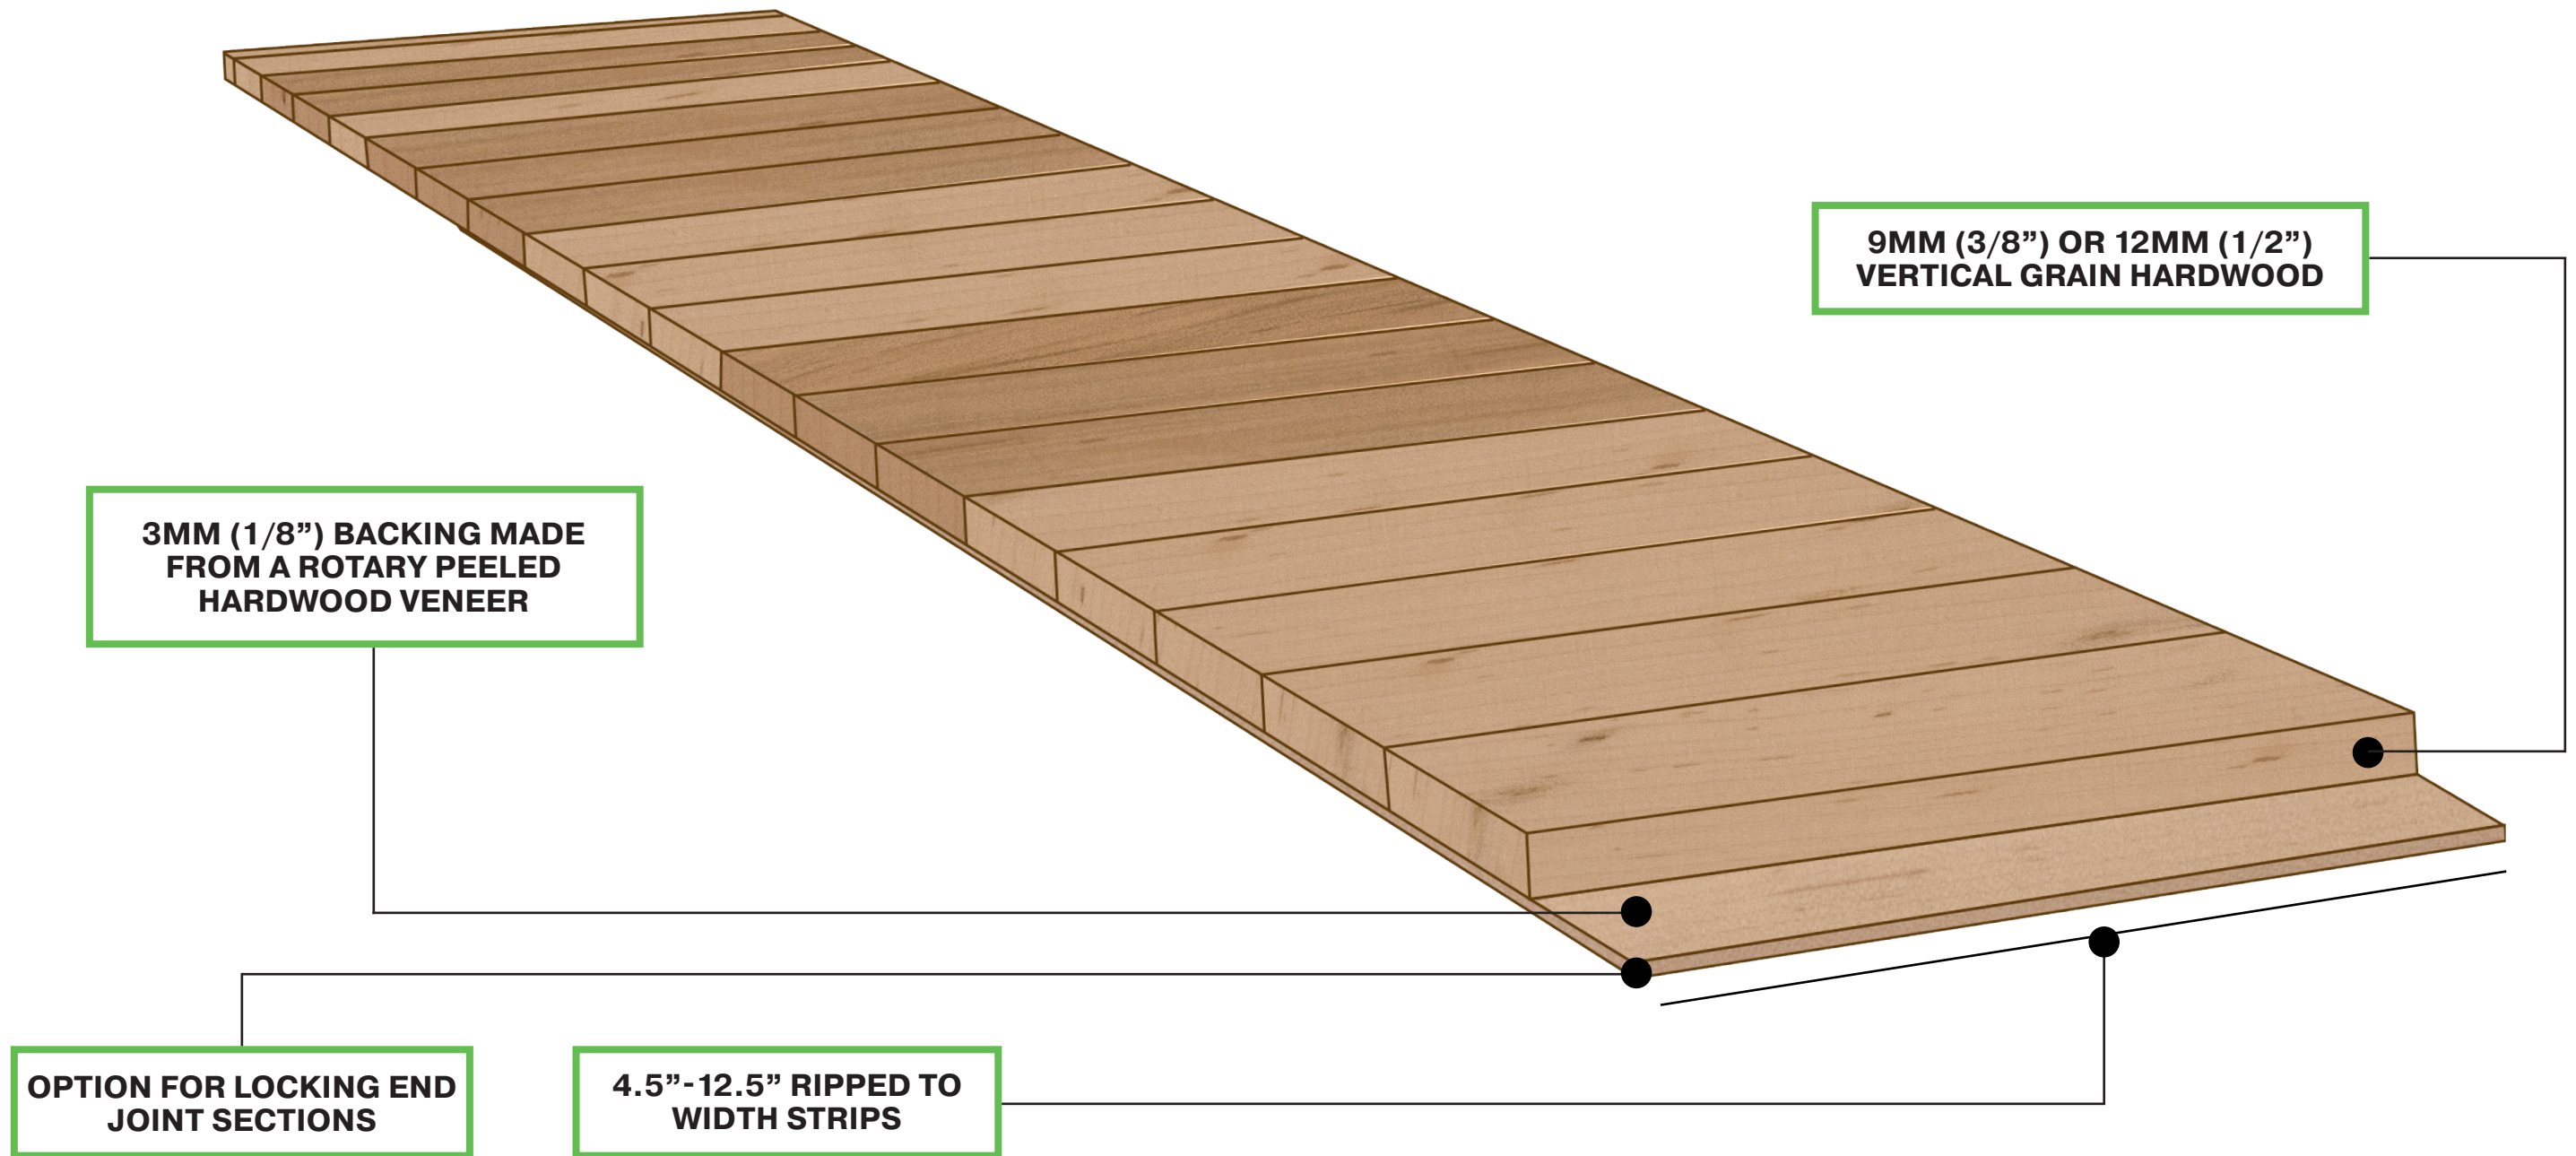

ENGINEERED HARDWOOD FLOORING CORE

# 100% MADE IN NORTH AMERICA, ENGINEERED HARDWOOD FLOORING CORE

FloorCor is a hardwood core product for engineered flooring, ideal for interior environments and flooring applications. FloorCor, is locally made in North America and environmentally friendly, producing a truly sustainable product. The 2-ply hardwood construction is structurally stable, is durable with a high dent resistance composition, and offers a very wide humidity range. FloorCor is pre calibrated, available in a variety of strips, pre-ripped to your specified size for ease of processing, with optional locking end joint sections.

# 2-LAYER ENGINEERED BALANCED HARDWOOD CORE

# **SUPERIOR STABILITY WITH ITS UNIQUE VERTICAL GRAIN CONSTRUCTION**

- 
- ✓ **FSC CERTIFIED PRODUCTS - AVAILABLE UPON REQUEST.**
  - ✓ **EXCELLENT DURABILITY.**
  - ✓ **INDUSTRY LEADING HUMIDITY RANGE. ALLOWS A WIDER HUMIDITY RANGE THAN PLYWOOD.**
  - ✓ **ALMOST TWICE THE DENT RESISTANCE COMPOSITION COMPARED TO POPLAR.**
  - ✓ **100% SOURCED AND MADE IN NORTH AMERICA.**
  - ✓ **WIDER AND DENSER SLATS CREATE LESS SUSCEPTIBILITY TO TELEGRAPHING.**
  - ✓ **AESTHETICALLY PLEASING.**
  - ✓ **SECURE PROFILE END JOINT LOCKING SYSTEM.**
  - ✓ **FORMALDEHYDE-FREE, 100% VOC-FREE ADHESIVE MADE IN NORTH AMERICA.**
  - ✓ **MEETS ALL AIR QUALITY TESTING REQUIREMENTS.**

## DEPENDABLE IN ANY INTERIOR ENVIRONMENT

Changes in humidity, temperature, and moisture content can cause wood to expand, contract, and degrade over time. FloorCor overcomes these factors through exceptional balance and structural stability, performing exceptionally well in conditions ranging from 35%-65% humidity. Change of seasons, radiant-heated floors, or below-grade installations are no longer a concern.

# 100% SOURCED AND MADE IN NORTH AMERICA

FloorCor, an exceptional product, proudly embraces sustainable forestry, sourced and crafted in North America. The hardwood layers are bonded using a high-strength elastomeric formaldehyde-free, 100% VOC-free adhesive. FloorCor is a truly sustainable product, designed to reduce emissions, and create the lowest carbon footprint.
